

# SUBJECT INDEX

- abnormal return (AR), 32
- accumulated knowledge, 138, 319, 322
- advertising intensity, 23, 73–77, 179, 185–186
- alliances, 4, 144–146, 148, 150–151, 154–155, 159, 161, 165, 272, 275
- antecedents, 129, 133
- Armington bias, 86
- Asia, 34, 38, 48–49, 51, 53–55, 57–59, 62–63, 68–69, 74, 81, 86, 88–90, 92, 94–99, 145, 152, 159, 162–163, 190, 193, 204, 206–207, 217, 264, 274, 289, 291, 293, 300–302, 305, 317, 325–327, 332, 334, 337–338, 344–346, 352, 354–355, 359–360, 364
- Asia-Pacific, 48–49, 51, 53–55, 57–59, 62–63, 69, 74, 81, 274, 289, 293, 337–338, 359–360
- average cost, 121
  
- benefits of internationalization, 67, 178–180, 184, 191, 195, 321, 342–343, 360, 362
- bi-regional, 2, 45–46, 48, 61–62, 71–72, 204, 264, 273–274, 276–280, 282–284, 286–292, 300, 302, 305, 366, 368
- business combinations, 4, 144–148, 150–154, 158–165
- business groups, 210
  
- capital invested, 67, 71–72, 74, 78–81
- centralization, 182, 187, 189, 292
- country environments, 67
  
- competitive advantages, 114, 143, 146–147, 152, 160, 225, 266, 270, 289, 320, 326
- control variable, 5–6, 125, 129, 132, 134, 211, 237, 240, 243, 245, 251–252, 275, 308–309, 312, 326, 347, 366, 369–372, 374
- cost, 12, 15, 20, 22, 47, 51, 77, 85–91, 100, 105, 107, 115, 118–121, 125–126, 128, 131, 137, 139–140, 146–147, 152, 178, 181, 184, 195, 204, 209, 214, 231, 267, 304, 308, 322, 332, 342–343, 362–364, 372, 375
- costs of internationalization, 25, 180, 183, 192, 320, 360–362
- cross-sectional time series, 347
- cubic model, 122, 127, 328–331, 369, 371–375
- cubic relationship, 120, 122, 126–127, 369–371, 375
  
- decentralization, 183, 188–190, 197
- degree of regionalization, 207, 306
- degree of internationalization (DOI), 15, 17–19, 26, 67, 69, 71, 78, 80–81, 152, 160, 163, 181, 184, 190, 193–194, 1201, 203, 209, 211–216, 339, 341, 344, 346, 365
- degree of multinationality, 3, 32, 70, 72, 113, 115–116, 118–121, 126, 132, 134, 137–140, 307, 309, 318–319, 321–323
- degrees of freedom, 130, 252
- developed country, 136, 338
- developing country, 136, 207, 343–344

- downstream activity/production, 77, 269, 270, 289
- dummy variables, 101–103, 130, 140, 190, 192, 241, 243, 252, 275, 347, 366, 369
- economies of scale, 18, 56, 121, 146, 151, 180–182, 265–267, 288, 319, 326, 334, 340, 342–343, 360, 363
- economies of scope, 140, 268, 289, 319
- emerging markets, 25, 202–203, 210, 217
- endogenous, 132–134, 138–140
- entropy, 33, 80, 116, 139, 275
- European Union (EU), 3, 6, 15, 17, 37–38, 55–56, 86–88, 91–100, 102, 104–107, 300, 305, 317, 369
- external growth strategies, 143, 145, 165
- extraregional sales, 353
- factor analysis/input, 73, 115, 117, 189, 366
- Feldstein-Horioka puzzle, 86
- financial and professional service, 5, 221–223, 232–233, 235, 247–248, 252, 255
- firm performance, 3–4, 6, 18, 23, 66, 113, 115, 125, 127–128, 132–133, 135–138, 141, 143–145, 148, 150–151, 153, 161, 164, 178, 182, 195, 201, 203, 210, 212–214, 216–217, 263, 266, 271, 273, 276, 282, 288, 291–292, 297, 308, 312, 339, 352, 359, 366
- firm specific advantage (FSA), 2, 32, 46, 68, 115, 160, 163, 180, 183, 223, 270, 289
- FIT, 190–192
- fixed effects, 129, 211, 214
- foreign assets, 5–7, 16–17, 21, 32–33, 37, 116–117, 125, 137, 297–298, 307–309, 311–313, 323, 333, 345, 367
- foreign direct investment (FDI), 3–5, 22, 26, 66–67, 69–70, 72, 74, 79–81, 85, 87–88, 98, 100–102, 106–107, 135, 143–144, 147, 204–207, 209, 214–215, 222, 233–234, 239–240, 249, 253–254, 264, 268
- foreign intra-regional sales and performance, 373
- foreign sales ratio, 53, 115–116, 121–125, 137–138
- foreign subsidiaries, 7, 22, 69, 71–72, 74, 77, 182, 187, 189–190, 265, 271–272, 274–275, 306, 313, 339
- fully-pooled model, 130
- geographic orientation, 65, 67–79
- global cities, 222, 254
- global integration, 178, 182–183, 185, 264, 266, 269, 272
- global orientation, 65–66, 75, 77, 264
- global strategy, 40, 65–66, 69–70, 78–80, 204, 210, 215, 263–271, 273, 276, 280–282, 285–292, 298, 300, 304–305
- global supply chain, 34
- globalization, 46
- gravity model, 3, 85–91, 93, 95, 97, 99–106
- Heckman, 136
- Herfindahl index, 22, 116
- Herfindahl, 22, 116, 139
- heterogeneity, 8, 23, 69, 80, 128–132, 135–138, 140–141, 147, 152, 154–155, 157, 182, 211, 224–225, 231, 253, 298, 352
- hierarchy, 188
- holding of domestic equities, 86
- home-oriented corporation, 364, 366, 368, 369, 370, 372, 373, 375
- home region, 2, 6–7, 12, 34, 36–37, 39–40, 45–48, 51–55, 57, 59–63, 66–70, 72, 74, 77–81, 87–88, 90, 93, 101, 105–106, 162–163, 204, 207–208,

- 274, 277–279, 288, 290, 298, 300,  
305–308, 312, 317–318, 321, 324, 332,  
334, 344
- homogeneous, 130
- host-region oriented, 264, 274, 300, 302,  
366
- index, entropy, 275
- index, transnationality, 7, 16–17, 22,  
117, 359, 366, 369, 372
- India, 5, 15, 21, 25, 202–203, 205–210,  
214–216, 345–355
- industry differences, 38–39
- chemicals and pharmaceutical  
industry, 39
- construction, building materials and  
glass industry, 40
- labor intensive industries, 40
- manufacturing industry, 39
- merchandising firms, 40
- natural resources oriented industries,  
40
- service industry, 39–40, 326
- institutional distance, 208, 229,  
230
- intangible assets, 20, 67, 74, 77, 79–80,  
115, 129, 178, 180–181, 188, 239, 263,  
265, 267–271, 274, 276, 282, 286,  
289–290, 292, 361
- integration, 4, 6, 47, 55–56, 59, 91, 145,  
147–149, 161, 177–179, 182–187, 192,  
195–196, 264–267, 269, 272, 304–305,  
344
- interaction between location and firm,  
221
- attributes, 221–227, 235, 237, 241,  
246, 248–249, 252–255, 342
- internalization, 69, 72, 73, 114, 146,  
147, 166, 181, 211, 254, 275, 289, 308,  
320, 321, 363
- international experience, 22, 71, 73–74,  
77–78, 80, 323, 341
- international trade, 3, 101, 264
- internationalization, 45–46, 48–51,  
53–55, 57, 61–62
- internationalization pace, 263, 271, 274,  
275, 277, 278, 282, 285, 287, 290, 291,  
292
- inter-regional, 47, 51–52, 56, 58–59, 61,  
68, 324, 332–334, 376
- intra-firm, 87, 92–93, 96–99, 104–105,  
265
- intra-regional, 35–40
- assets, 37
- foreign region, 40
- rest of the home region, 36–37
- rest of the world, 36–37
- sales, 38–39
- instrumental variables, 133
- intangible assets, 20, 67, 74, 77, 79–80,  
115, 129, 178, 180–181, 188, 239, 263,  
265, 267–271, 274, 276, 282, 286,  
289–290, 292, 361
- inverted U-curve, 178, 180, 323–324
- inverted J-curved, 178, 323, 324, 362
- J-curve, 178, 323–324
- Japanese, 2, 20, 34, 49, 57, 67–69, 71–73,  
135, 227, 230, 264, 300, 367–368
- Jensen's Alpha, 73
- knowledge, 15, 22, 40, 73, 114–115, 129,  
132, 134, 138–139, 146–147, 149–151,  
160–161, 163–164, 180, 188, 197, 209,  
216–217, 227–232, 234, 247–248, 252,  
254–255, 268, 271–272, 290, 292,  
319–320, 322, 324, 326, 338, 342–343,  
361, 367
- less-developed countries (LDCs), 337
- liability of foreignness (LOF), 2, 24, 25,  
68, 70, 78, 79, 115, 119, 121, 125, 135,  
136, 160, 181, 183, 192, 305, 312, 319,  
320, 321, 322, 324, 333, 363, 372
- liability of regional foreignness, 2

- linear, 6, 18, 20–21, 23, 32, 34, 114, 117, 122, 124, 126, 191–192, 196, 211, 214, 241, 247, 276, 297, 306, 309–312, 317, 319, 321, 323–325, 327–333, 341, 347–348, 350–351, 353, 361, 365, 369–374
- linkages, 179, 188, 231–232, 234, 236, 253, 265, 268, 271
- local adaptation, 269, 342
- location choices, 221–232, 236–237, 241, 246–249, 252–255
- locus of destination, 360, 366, 376–377
- longitudinal data, 128, 139, 210
- marginal cost, 22, 120–121, 321, 362
- market imperfections, 115, 146, 160, 180
- marketing assets, 70, 73, 76–77
- mergers and acquisitions (M&A), 144
- meta-analysis, 3–4, 19, 23, 143, 145, 153–155, 158–159, 162
- moderator, 80, 128, 140, 160–163, 183
- modes of entry, 22
- modes of multinationality (MoMs), 3, 114, 125, 132, 135
- multidomestic industry, 6, 263, 265–272, 282, 286–287, 292
- multinational activity, 1, 327
- multinational enterprises (MNEs), 2, 32, 65–66, 202, 221–222, 263, 297, 318, 339, 359–360
- multinationality, 31–40
- multi-stage theory of internationalization, 11
- number of foreign affiliates (NOFA), 32
- ratio of foreign to total assets (F/TA), 35
- ratio of foreign to total sales (F/TS), 135
- ratio of regional to total assets (R/TA), 35
- ratio of regional to total sales (R/TS), 35
- return on foreign assets (ROFA), 5–6, 32, 297, 307–308, 311–312, 333
- return on total assets (ROTA), 6, 32, 297, 311
- return on total sales (ROTS), 32
- nonlinear, 6, 114, 118–119, 128, 132, 138, 141, 341, 360, 362
- non-location bound firm specific advantage, 32, 208, 270
- off-shore production, 125
- OLS, 133, 179, 191–192, 310, 326, 328–330, 348
- omitted variable, 129, 137–138
- optimal level of internationalization, 371–372, 376–377
- organizational structure, 5, 177–179, 181–183, 185, 187–192, 195, 197, 224, 231–232, 240, 243–245, 248–251, 293
- outward FDI, 5, 98, 100, 106–107, 205
- panel, 128–130, 133, 137, 308, 348
- performance of MNEs, 306
- price discrimination, 115
- principle components, 117
- product diversification, 134, 140–141, 181
- profit, 115, 118–122, 125–126, 140, 162, 196, 201, 203, 340, 363–364, 372, 375–377
- proprietary assets/ resources and capabilities, 68, 73–76, 79, 114, 146, 180, 204, 208, 216, 269
- quadratic, 6, 18, 20–21, 23, 32, 118, 122, 124–127, 138, 309–312, 328–330, 338, 348, 350–351, 354, 365, 369–375
- R&D intensity, 73–77, 131, 179, 185–186, 226, 270, 272, 274, 277–278, 280–286, 290, 341
- random effects, 129–131, 138, 211

- regional clusters, 34
- regional economics, 305
- region of origin, 63, 143, 152–153, 162, 366, 372
- regional bias in international trade, 3, 264
- regional bias in MNE activity, 86
- regional firms, 2, 61, 66, 69, 74, 76–81, 264, 282, 288, 291, 300
- regional hypothesis, 298
- regional strategy, 68–69, 204, 210, 215–216, 263–265, 273, 276, 280, 282, 286–291, 298–299, 304, 306–307, 310, 332, 344, 360, 363–364, 373, 376–377
- regionalization, 45–49, 51, 53, 55, 57, 59, 61, 63
- resource-based view, 146, 224, 268, 320, 325
- return on assets (ROA), 121, 273, 323, 337, 365
- return on foreign assets, 5–6, 32, 125, 297, 307–309, 311–312, 333
- return on sales (ROS), 190–192, 194
- revenue, 55, 57–58, 71, 115, 118–119, 125–126, 128, 131, 137, 139–140, 192, 375
- S-curve, 18–20, 23, 27, 32, 122, 127, 178, 181, 196, 310, 312, 322–323, 360, 362, 371–372, 377
- Sharpe's Measure, 73
- sample selection, 136
- segmentation, 115
- selection equation, 137
- semi-globalization, 68, 269
- sequencing, 12
- service firms, 39, 201, 203, 206–207, 210, 215, 232, 238–239, 326, 337–338, 341–343, 345
- spatial, 12, 67, 74, 114, 125, 135, 227, 233–234
- specific factors, 125, 139
- strategic fit, 3–4, 177, 179, 182–185, 187, 191, 194–196
- structural equations, 134
- technological assets, 70, 73, 75–76
- three-stage theory, 23, 319, 322, 337, 340, 348
- time-series, 128, 137, 276
- Tobin's  $q$ , 21, 32–34, 273, 275, 277–278, 280–286, 288–290, 292, 323, 333
