TERROR, LEISURE AND CONSUMPTION

EMERALD STUDIES IN DEVIANT LEISURE

Series Editors:

Thomas Raymen, Plymouth University, UK; Oliver Smith, Plymouth University, UK; Steve Redhead, Flinders University, Australia.

The *Emerald Studies in Deviant Leisure* series examines the relationship between commodified leisure and harm. The series provides a forum for publications that explore the harms of commodified leisure against a wider backdrop of consumerism and global capitalism. The series transcends disciplinary boundaries and will publish work from the fields of Criminology, Sociology, Youth Studies, Leisure Studies, Tourism Studies, Cultural Geography, Urban Studies and more. The series publishes monographs, edited collections and short books (between 20,000 and 50,000 words). Proposals from early career researchers are particularly welcome.
