- Actors, 38–39, 134–140
  - on macro-level, 153–155
  - question of, 134–140
- Affective action, 31
- Agency–structure integration, 15
- AGIL (four function paradigm), 89–96, 105, 105*n*107, 139, 139*n*30, 140, 159
- Allocative resources, 148*n*41, 155
- Alternation, 99*n*103
- Altruism, 136
- American pragmatism, 48, 49, 52*n*36, 57
- Analytical schemes, 12*n*10
- Anomie, 90*n*91
- Antagonistic model, 150, 151
- Anthropological functionalism, postulates of, 76
- Anti-evolutionary approach, 96
- Anti-functionalist approach, 96
- Archaeology of knowledge, 73
- Aristotelian way of thinking, 23
- Atomism, 25
- Authoritative resources, 148*n*41, 155
- Autopoietic systems, 79
- Axiomatic formats, 12*n*10
- Balance, 24
- Basic dualism, nature of, 25–29
- Becoming, 21
- Behaviour, 30
- Behavioural hypotheses, 33–35
- Behaviourism, 32–33*n*18
- Behaviouristic version of utilitarian theory, 32–37
- Behaviourist learning theory, 33
- Behaviourist psychology, 32*n*18, 34
- Beneficiaries, 42
- Biographical sociology, 48
- Biological organisms, 24
- Body, as metaphor, 23
- Breaching experiment, 59–60, 60*n*50
- Building, as metaphor, 23
- Bureaucracy, 76*n*74, 103
- Bureaucratisation of social relations, 105
- Capability, 141, 142, 159
- Capital
  - cultural, 108
  - economic, 108
  - social, 109
  - symbolic, 109
- Categorical-analytical problem, 150
- Causal models, 13*n*10

- Character, 136
- Chicago School, 49
- Classics of sociological thought,
  - position of, 116–118
- Classics of sociology, 6
- Collective action, 91
- Collective consciousness, 67, 68
- Collectivism, 10
- Collectivist theories, 1, 25
- Communication
  - closure, self-referential, 81
  - media, 122
  - social systems, 80
- Communicative action, 43,
  - 101–102, 104, 152
- Community action, 117
- Compatibility, 130
- Complexity, 79
- Complex social relations, 39
- Concealed knowledge, 138
- Concentric (Burgess') model of
  - urban zones, 24
- Concepts, 11
  - types of, 11
- Conflict theory, 14, 27, 77
- Conflictualism, 77
- Conformists, 90*n*91
- Conjoint action, 30*n*13
- Consciousness, 49*n*33
  - collective, 67, 68
  - discursive, 137, 138
  - personal, 135*n*23
  - practical, 137, 138, 141
  - social relations, 135*n*23
- Consensus theory, 77
- Consent, 30*n*13
- Constitutional duality of human
  - nature, 135
- Constructivism, 100, 127–132
  - social, 27, 43, 96–100
- Contingency, 80
- Contracts, 22
- Conversational marketplaces, 22
- Conversation markets, 60–65
- Coordination model, 150
- Coordination of action, 102
- Critical rationalism, 16
- Critical theory, 14, 15
- Cultural anthropology, 58, 74
- Cultural capital, 108
- Culture
  - definition of, 102, 156*n*50
  - idealistic integrative, 85
  - ideational, 85
  - material, 156
  - sensate, 85
- Cyclical alternation/rotation, 86
- Cyclical theories of evolution and
  - change, 85
