Administrative leadership role, 89
Adversity, 87, 89–91
Applied Data Science for Learning, 171
Arabian Gulf University (AGU), 118
  case, 122–123
  descriptive statistical analysis of BSC dimensions, 125
  financial dimension, 125
  framework for entrepreneurial university, 121–122
  higher education in GCC, 118–119
  institutional inertia in HEI, 117–118
  institutional innovation, 127, 130
  internal administrative processes, 127–128
  KM and innovation in HEIs, 119–121
  learning and growth dimension, 127, 129
  methodology of study, 124
  problem of study, 123–124
  student satisfaction, 125–127
Artificial intelligence (AI), 1, 3–4, 142
Augmented reality (AR), 1, 3
Authentic learning
  changing, 42–43
  elements, 31–32
  refreezing, 43
  scenarios as micro-level approach, 40–42
  unfreezing, 42

B-Learning, 142
Balanced Score Cards (BSCs), 122–123
  descriptive statistical analysis of dimensions, 125
Big Data, 142
Big Data Analytics, 171
Blockchain, 1
Bologna Process, 31
Business Administration and Management, 41–42

Career Development Office (CDO), 107
Changing
  in authentic learning, 42–43
  in competence-based education, 34, 36–38
Circulus vicious, 66
Civic universities, 15
Climate change, 190
Coaching, 41
Cobb-Douglas production function, 58
Cognitive authenticity, 40
Cognitive computing (CC), 1, 3–4
Competence-based education as macro-level process, 32–33
  background, 33
  change, 36–38
  impact, 39
  process, 33–34
  refreezing, 38–39
  unfreezing, 34–36
Competences (*see also* Cross-disciplinary competences), 31
Computer multimedia software, 143
Corporate university models, 121
Course design, 168
  student engagement by, 171–175
Cross-disciplinary competences
  of bachelor's degrees, 34, 38
  consensus of guide, 37

endorsement of, 37
implementation of, 36
traceability in teaching documents, 38
Culture, 21
CURriculum and course planning (CURP), 10
Curriculum and Course Planning App (CURPA), 10, 167
CURPA Version 2.0, 168
elicited platform, 184
eliciting CURPA requirements, 175–178
must-have requirements by ID, 184
reviewing research on student engagement, 169–171
student engagement by course design and Web 2.0 approaches, 171–175
visualizing requirements, 178–183
Curriculum for Excellence (CfE), 151, 154
DGBL role in, 157–159
differences, advantages, and disadvantages, 154–156
introducing to students and response, 156–157
Curriculum for Excellence (CfE), 9
Customer knowledge, 120

Dean's offices (DO), 7, 71–72
management style, 73–77
organizational culture, 77–79
research design and methodology, 72–73
Descriptive statistical analysis of BSC dimensions, 125
Digital games-based learning (DGBL), 152–153
CfE, 151–152, 154–157
courses on, 159–162
methodology, 153–154
role in CfE, 157–159
Digital games-based learning (DGBL), 9
Digital natives, 151
Digital transformation of HEIs
ICT immersed in HEIs, 139–143
IPN, 138–139, 143–147
public HEIs of Mexico, 137–138
Dirección de Educación Continua (DEC), 144
Disruptive behavior, 171
Distance Education, 144
Distance learning in Hungary, 65–66

E-Learning, 144
technologies, 144
Education, 137, 142
for employability, 6, 31
Educational and Social Integration Models, 143
Effat College of Engineering, 106–108
Effat University, 99–100
conceptual framework, 100–101
innovation in quality reporting system, 112–113
innovation in strategic planning, 108–111
long-term strategic planning, 108
reporting on quality improvements, 111–112
Effat University IQRA-Based Quality Model, 8, 101–l02
adopting and applying IQRA core values, 102–105
importance of each unit in whole structure of institution, 105–106
maintaining Effat family culture, 105
Emotional resilience, 89–90, 92–94
Employability
education for, 31
training for, 45
Enterprise
capability, 16
development in HE, 16–18
enterprise/entrepreneurship education, 14

Enterprising behavior, 6, 13–14, 16, 18–19, 22–24
Entrepreneurial university, 17, 117
  framework for, 121–122
Entrepreneurship, under-represented groups in, 18–19
Entrepreneurship Bootcamp for Veterans (EBVs), 17–18
Erasmus Program, 66
European Commission, 14
European Higher Education Area (EHEA), 31, 33
European Union (EU), 13, 31
Evening courses in Hungary, 65–66
Experience and Outcomes for CfE, 151, 154

4E model, 174
Fourth industrial revolution (Industry 4. 0), 142

Games and Learning Alliance (GaLA), 164
Government-sponsored *Bursa Hungarica* stipend program, 66
Gulf Cooperation Council (GCC), 117–118, 122
  higher education in, 118–119

Health and Wellbeing (HWB), 155
Higher education (HE), 1, 173
  dimensions of resilience, 89–90
  enterprise development, 16–18
  in GCC, 118–119
  professionals, 85–86
  resilience, 87–89, 90–92
  thriving in, 86–87
Higher education institutions (HEIs), 1–2, 13, 16, 72, 99, 117, 123, 137, 153, 169, 189–190
  business model for, 121
  community engagement, 14–16
  in GCC, 118
  HEI-led community collaborative enterprise support, 20–23
  ICT immersed in, 139–143
  innovation in HEI, 100
  IPN experience with ICT use in, 143–147
  KM and innovation in, 119–121
  management and administration, 2–3, 5
  technologies in, 3–5
Higher Education Law, 65, 67
Hungarian Academy of Sciences, 63
Hungarian universities, 57, 62
  quality, 59
Hungary's higher education, 57–61
  continued existence of separation of universities and academic research institutes, 61–63
  distance learning and evening courses, 65–66
  in International Ranking Comparison, 61
  rivalry among students, 66–68
  small provincial universities, 63–65

Ibhath, Qiyam, Riyada, At-tawasul (IQRA), 102
  Effat University IQRA-based quality model, 101–106
  IQRA-based quality model, 102
Industrial Value Creation Program Perspective, 47–54
Information, 167
  technology, 170–171
Information and communication technology (ICT), 1–2, 96, 117, 137–138, 189
  immersed in HEIs, 139–143
  IPN experience with, 143–147
  at service of HE, 189–191
Innovation
  and change, 100
  in HEIs, 119–121

in quality reporting system, 112–113
in strategic planning, 108–111
Institute for Minority Entrepreneurship, 19
Institutional innovation, 127, 130
Instituto Politécnico Nacional of Mexico (IPN), 9, 138, 144
International students, 66
Internationalization, 66
Internet of Things (IoT), 1
"Ivory Towers", 13, 15
