

# INDEX

- Add-ons, 3–4  
Addition, 52–54  
Alcohol consumption, 4, 13, 23,  
26, 45–46, 72, 90–91  
Alternative therapies, 4, 13, 23,  
28–29, 67, 70, 78–79  
Assisted reproductive technologies,  
3–4  
Avoidance, 9, 24, 52, 54  
Behaviour change, 53, 56, 79  
Biomedicalization, 81  
Biopower, 3  
Body/bodies, 39, 45–46  
  projects, 53–54  
  work, 61–62  
Caffeine, 13, 23, 27–28, 53, 72  
Caring masculinity, 47–48, 83  
Clinical guidance, 26, 29, 32, 81,  
96  
Clinicians, 23, 25, 27–28, 43, 54,  
78–79  
Cyberquackery, 31  
Cycling, 23, 28, 66  
Diet, 4, 13, 23, 32, 36, 51–52, 63  
Discourses, 11, 31, 49–50, 82  
  analysis, 7, 34  
  fertility, 42–45  
  fitness to father, 41–42  
  lifestyle, 34, 38, 45, 48  
  men as reproductive actors,  
  38–41  
  method, 32–34  
  sample, 32–34  
  well-being, 37–38  
‘DIY health’ information, 77–78  
Drinking, 2, 37, 53, 59, 75, 79–80,  
90–92  
Drug use, 28  
Drunkenness, 59  
Emergent masculinity, 84–85  
Emotional resources, 1–2, 4, 77  
Emotions, 1–2, 31–32, 61–62,  
79–80  
Energy drinks, 13–23  
Exercise, 4, 11–12, 23, 35, 51–54,  
70, 90  
Fertility, 1–2, 25–26, 42, 45  
  fertility-friendly eating pattern,  
  36–37  
  improvement, 35  
  lifestyle and, 5  
  loans, 99  
  treatment, 2  
Fertility Industrial complex, 98–99  
Gender, 1–2, 7–8, 39–40, 78,  
82–83, 85–87, 96–97, 101  
Health, 2–3, 7–8, 24, 44, 51, 63,  
96–97  
Healthcare professionals, 98–99  
Healthism, 2–3, 5–6, 9–10, 45,  
59–60, 79, 89  
Heat, 23, 64  
Hegemonic masculinity, 43–44,  
82–83, 96–97  
Hope, 9–10, 67, 73, 89–90,  
96–97  
Hybrid masculinities, 84

- Illegal drugs, 13–23  
 Inclusivity, 83  
 Individualisation, 2, 61–62, 88–89  
 Individualism, 10, 89  
 Infertility, 1–2, 4, 10, 57, 61  
   experience, 6  
   findings, 63–67  
   hope, 67–73  
   material and methods, 6–7  
   practical and relational  
     calculations, 73–77  
   uncertainty and optimism,  
     77–80  
 Information, 6, 11, 31, 78, 96–97  
 Intensive parenthood, 83  
 Internet, 8, 31, 64, 96–97  
 IVF, 58, 69–70, 73–75, 78–79, 91,  
   100  
 Klinefelter's syndrome, 54–55  
 Lifestyle, 11, 13, 26, 45, 48–50, 77,  
   80  
   adjustments, 36, 81  
   avoidance and addition, 52–54  
   choices, 5  
   diagnosis and lifestyle changes,  
     54–55  
   factors, 95  
   findings, 51–52  
   as holistic concept, 56–58  
   material and methods, 50–51  
   men changing, 58–60  
   perceptions of (un) healthy  
     selves, 55–56  
   policing, 96  
   scale of issue, 51–52  
 Lifestyle modification, 4, 13, 23,  
   31–32, 50–51, 56, 77–78,  
   96  
 Lifestylisation, 2, 45, 58–59,  
   61–62, 81, 100  
 Liquid masculinity, 81, 90, 97–98  
   form, 84–88  
   situating contemporary  
     masculinities, 82–84
