Feminist Developments in Violence and Abuse

Series Editors: Dr Hannah Bows, Durham University, UK and Professor Nicole Westmarland, Durham University, UK

Feminist Developments in Violence and Abuse provides a feminist forum for academic work that pushes forward existing knowledge around violence and abuse, informing policy and practice, with the overarching objective of contributing towards ending violence and abuse within our society. The series enables academics, practitioners, policymakers and professionals to continually build and explore their understanding of the dynamics, from the micro to the macro level, that are driving violence and abuse. The study of abuse and violence has a large scope for co-producing research, and this series is a home for research involving a broad range of stakeholders; particularly those working in grassroots domestic and sexual violence organizations, police, prosecutors, lawyers, campaign groups, housing and victim services. As violence and abuse research reaches across disciplinary boundaries, the series has an interdisciplinary scope with research impact at the heart.
