ABOUT THE EDITORS

Gary Kleinman is Professor of Accounting at the Feliciano School of Business at Montclair State University. He has taught auditing and many other accounting courses for many years at both undergraduate and masters levels. He has a CPA license and obtained his PhD from Rutgers University, Newark, NJ. In addition, Dr Kleinman has an extensive research background, writing about auditing, auditor judgment, auditor independence, auditor behavior, and statistical sampling in auditing. In addition, Dr Kleinman has co-authored articles predicting medical costs, analyzing the underlying structures of Morningstar ruled mutual fund categories, and analyzing the relationship of macroeconomic variables to mutual fund performance. Some of his many research articles, on auditing and other topics, have appeared in the *Journal of Accounting, Auditing and Finance*; the *Journal of International Accounting Research*; *Review of Quantitative Finance and Accounting*; *Research in Accounting Regulation, Accounting, Economics and Law: A Convivium* and the *Handbook of Finance and Econometrics*. In addition to writing many journal articles, Dr Kleinman has also co-authored three books on auditing.

Kenneth D. Lawrence is Professor of Management Science and Business Analytics at the Tuchman School of Management at the New Jersey Institute of Technology. Dr Lawrence's professional employment includes over 20 years of technical management experience with AT&T as Director, Decision Support Systems and Marketing Demand Analysis, Hoffmann-La Roche, Inc., Prudential Insurance, and the US Army in forecasting, marketing planning and research, statistical analysis, and operations research. Dr Lawrence is a Full Member of the Graduate Doctoral Faculty of Management at Rutgers, The State University of New Jersey in the Department of Management Science and Information Systems and a Research Fellow in the Center for Supply Chain Management in the Rutgers Business School. Dr Lawrence's research is in the areas of Management Science, Business Analytics, Time Series Forecasting, Econometric Forecasting, Data Mining, Data Envelopment Analysis, Multi-Criteria Decision Making, and Supply Chain Modeling. Dr Lawrence's research work has been cited in 267 journals, including *Computers and Operations Research*, *International Journal of Forecasting*, *Journal of Marketing*, *Sloan Management Review*, *Management Science*, and *Technometrics*.
