

INDEX

- Ad infinitum*, 92
Administered worlds, 6–7, 28, 39–40
Adorno, Theodor W., 4
Affirmative approaches, 90
AGIL scheme, 200
Alienation as self-generated
 domination, 95–96
Alternative communications, 181–185
American environmental sociology,
 91
American sociology, 163, 176
Anonymous processes, 43–44
Anti-immigrant right-wing populism,
 160
Apparent gap, 160
Appearance (*Erscheinung*), 67–68
 of perception, 203–206
Artificial intelligence (AI), 35–36
Authoritarian personalities, 6–7, 28,
 39–40
Autonomy of individual, 5
Autopoietic period, 201–208
 appearance of perception, 203–206
 consciousness, 206–208
 operation of psychic system,
 201–203
Autopoietic systems theory, 194

Benjamin, Walter, 4
Biodiversity loss, 90
Bourdieu, Pierre, 126
Bureaucratic predictability, 8–9

Capital, 100–102
 accumulation, 7–9
 induced planetary degradation, 90
 in ToP theory, 93–94
Capitalism, 7–8, 97
Class pride, 121–122
Classical critical theory, 9

Climate justice movement, 106
Cloud Atlas, 11–12
Coemerging, 6–7
Cognitive economy, 69–70
Commodity fetishism, 7–8
Commodity-determined labor, double
 character of, 97–98
Communication, 170–172
Comte, Auguste, 138
 deconstructing Comte’s founding
 narrative, 139–143
 describing subject matter,
 describing self, 142–143
 new science for new subject matter,
 139–142
Conscience, 198–200
Conscious, 208
Consciousness, 194, 198, 200, 206, 208
Constitutional logic, 21
 of modern society, 8–11, 46, 48
Consumerism, 7–8
Contemporary ecological crisis, 90
Contemporary environmentalism,
 105–106
Crisis of democracy, 5–6
Critical social theories, 7
Critical theory, 4, 14, 18, 23, 60, 63,
 163
 Frankfurt and Cornelius, 61–63
 Horkheimer’s work, 63–77
 mainstreaming of, 23–28
 of modern capitalist society, 90
 myth of Freud, 60–61
Criticism, 138
Critique political economy, 93–94
Culture industry, 9

De facto principles, 12
Deliberative democracy, 164
Democracy, 5

- Democratic forms of governance, 5
Dialectic of Enlightenment, 15–16

- Ecological modernization theory, 90
Economic and Philosophic Manuscripts of 1844, 95
 Economic prosperity, 8–9
Eigengesetzlichkeit, 21
 Encyclopedic law, 141–142
 Enlightenment, 7–8, 161, 165
 sociological knowledge and, 165–167
 Environmental sociology, 91
Erfahrung, 196–197
Erleben, 196–197
 European Enlightenment, 161
 Evolution, 170–172
 theory, 146
- Fascism, 114
 Figurative sociology, 149
 Financial debt, 35–36
 Financialization, 105–106
 “Founding fathers”, 138
 Founding figures
 historical contextualization, 147–148
 reconstructing, 147–150
 sociological, 148–150
 Frankfurt School, 4, 6
 critical theorizing, 12–13
 early Frankfurt School, 13, 18, 23
Frankfurter Allgemeine Zeitung (*F. A. Z.*), 29–30
 Fromm, Erich, 4
- Geiger, Theodor, 114–115
 General interest of society, 4
 German Revolution (1918), 13–14
 Gestalt psychology, 60, 71–72
 Gestalt school, 61
 Gestalt theory, 60–63
 Frankfurt and Cornelius, 61–63
 myth of Freud, 60–61
 Global warming, 90
 Gravity of sociohistorical circumstances, 18–23
 Great Depression, 4
 Great man theory, 144
Grundrisse, 97
- Habermas, Jürgen, 163
 Hegelian version of Marxism, 60
 Heteronomy, 6–7
 disconcerting challenge of, 7–9
 Heteroreference, 206–207
 Historical materialism, 14–15
Homo oeconomicus, 180–181
 Horkheimer, Max, 4, 60
 analysis, 65–67
 and development of critical theory, 70–71
 Hegel and return to Productive Imagination, 73
 on imagination, 75–77
 Kant’s mediators, 64–65
 Marcuse’s imagination, 73–75
 objective reason, 71–73
 organism and Gestalt, 67–70
 work, 63–77
 Humanness, 95
- Identity-thinking, 17–18
 Imagination, 69
 Horkheimer on imagination, 75–77
 Marcuse’s imagination, 73–75
 In-conscious, 208
 Individual-modern society, 8–9
 Individuality, 146
 Intentionality, 206–207
 Italian fascism, 4

- Kant's theory of judgment, 60
 Kantian philosophy, 9
 Kantian-Habermasian, 164
 view of sociological enlightenment,
 175–176
- Labor efficiency, 8–9
 Land degradation, 90
 Language, 194–195
 Law of value, 105
Lebensphilosophie, 72
 Lederer, Emil, 114
 Neuer Mittelstand theory in light of
 some recent developments
 in stratification theory,
 122–130
 theory of *Neuer Mittelstand*,
 120–122
 Legitimacy, 13–14
 Life termination, 6–7
 Logic of capital, 18, 21, 23
 Lowenthal, Leo, 4
 Luhmann, Niklas, 167
 critiques of sociology, 160–161,
 172, 177
 theory of society, 167, 170, 172
- Marcuse, Herbert, 60
 imagination, 73–75
 Marx's critical theory, 94, 105–106
 capital, 100–102
 dialectic of transformation and
 reconstitution, 102–105
 double character of
 commodity-determined
 labor, 97–98
 nature of contradiction, 98
 social practice and social
 mediation, 95–96
 treadmill of production of value,
 98–100
 Marx's critique of political economy,
 93–94
 Marxian critical theory framework,
 105
 Marxian theory, 21–22
- Marxism, 60
 Marxist-oriented environmental
 sociology, 90
 Material wealth, 98
 Mittelstandsklassen, 115
 Modern age, 7–8
 Modern society, 5–7
 constitutional logic of, 46–48
 origin and vanishing point of,
