

# INDEX

- Accelerated Mahaweli Development, 34  
ADF, 36  
Agricultural/agriculture  
    gender-differentiated impacts of  
        climate change in, 189–190  
    industry, 194  
    sector, 193  
Akaike Information Criterion (AIC), 36  
Analytical CRM, 91  
Analytical methods, 212  
Arbitration Commission, 204  
ARCH-LM test, 44  
Artificial intelligence (AI), 95, 123,  
    165 (*see also* Business  
    intelligence (BI))  
    AI, personal data security, and  
        hacking, 123  
    articles eligible for study, 122  
    embracing AI technology, 123  
    European Union initiatives regarding  
        data protection, 132–133  
    extension of digital marketing to,  
        160–161  
    inadequate security measures in  
        network of computers,  
        123–126  
    inclusion and exclusion criteria,  
        122  
    issues of legal personhood, 126–127  
    privacy vs. technology, 127–132  
    regulation on protection of  
        personal data, 134–138  
    research methodology, 121  
    selection of keywords, 122  
    strategy for searching, 121–122  
Artificial neural networks, 126  
Attitude intention, 75–76  
Authorship analysis, 57  
Automation of Field Force, 94  
Automotive industry, 220  
Autoregressive Distributed Lag  
    model (ARDL model),  
        30, 32, 38  
    bound test, 38  
    co-integration, 30  
    coefficient, 47  
    long-run results, 39  
Average variance extracted (AVE), 77  
Aviation, 221  
Badinter Commission (*see* Arbitration  
    Commission)  
Banking, 68–69, 220  
    system, 173  
    technology, 69  
Behavioural intention, 75–76  
Behavioural theories, 70  
Best practices by different  
    countries, 190  
Bibliometric analysis, 56, 62  
Big data, 160  
Blended learning, 54  
Block exemption regulation  
    (BER), 108  
Block exemptions, 110  
Blockchain  
    authorship analysis, 57–58  
    co-authorship analysis, 58  
    content analysis, 58  
    data analysis, 56  
    data extraction, 56  
    directions for future research,  
        62–63  
    in education, 55  
    methodology, 55  
    publication trend, 57  
    quality assessment, 56  
    search strategy, 55  
    selection criterion, 55  
    technology, 54, 60

- Boolean operators, 122
- Bootstrapping process, 10
- Bound test approach to
  - co-integration, 38–39
- Brazil, 11–12
- Brazil, Russia, India, and China (BRIC), 8
  - correlation analysis to test interdependency of stock market index of BRIC countries, 14–16
