

LIST OF FIGURES

Figure 2.1	Current Account Balances (Percentage of GDP)	6
Figure 2.2	U.S. Deficit (Inverted Sign) and Oil Producers Surplus of Current Account	7
Figure 2.3	Current Account Balance, Saving and Investment: Industrial Countries	8
Figure 2.4	Current Account Balance, Saving and Investment: Emerging Markets and Oil Producing Economies	9
Figure 2.5	Effect of Rising Imports	20
Figure 2.6	Effect of Higher Preference Towards U.S. Assets	21
Figure 3.1	US Financial Sector's Investment in Financial Assets	30
Figure 3.2	Spread between 3-Mo LIBOR and OIS	33
Figure 3.3	Trade-off between Dollar Value and Recession	38
Figure 3.4	US Aggregate Supply (AS) and Aggregate Demand (AD) Slopes	41
Figure 3.5	Sources of U.S. Output Growth and Inflation Shocks	42
Figure 3.6	Total Values of M&A Announced by SWF and the Share Going To Western Financial Institutions	46
Figure 4.1	Impulse Responses to 1 SD Exchange Rate Shock	59
Figure 4.2	Searching for Preferred Form of RFA: Model Framework	64
Figure 4.3	Searching for Preferred Form of RFA: Benefit Model	65
Figure 4.4	Searching for Preferred Form of RFA: Opportunity Model	67
Figure 4.5	Searching for Preferred Form of RFA: Cost Model	68
Figure 4.6	Searching for Preferred Form of RFA: Risk Model	70
Figure 4.7	Results with Feedback Effects (Network) under Different BOCR Ratings	75
Figure 4.8	Results without Feedback Effects (Hierarchy) under Different BOCR Ratings	76
Figure 4.9	Sensitivity with Respect to Benefit and Opportunity	76
Figure 4.10	Sensitivity with Respect to Cost and Risk	77
Figure B1	Hong Kong (China) Dollar	86

Figure B2	Indonesian Rupiah	86
Figure B3	Malaysian Ringgit	87
Figure B4	Philippines Peso	87
Figure B5	Singapore Dollar	88
Figure B6	South Korea Won	88
Figure B7	Taipei (China) Dollar	89
Figure B8	Thai Baht	90
Figure C1	Linear Hierarchy	91
Figure C2	Feedback Network	91
Figure C3	Supermatrix of a Hierarchy	92
Figure C4	Supermatrix of a Holarchy	92
Figure C5	Supermatrix of a Network	93
Figure C6	Entry in the Supermatrix of a Network	93
Figure 5.1	Average CIF Cost of Imported Crude Oil (IEA Total)	101
Figure 5.2	How Oil Price Increase Affects Poverty	102
Figure 5.3	Real GDP Growth Rates (2003–2006)	103
Figure 5.4	Structural Path of Oil-Intensive Rubber–Petroleum– Plastic Industries in India	110
Figure 5.5	Structural Path of Oil-Intensive Transport and Telecommunication Sector in China	114
Figure 5.6	Structural Path of Oil-Intensive Transport Sector in Thailand	117
Figure 5.7	Structural Path of Oil-Intensive Chemical Industry in Indonesia	118
Figure 5.8	India: Kerosene and Diesel Wholesale Price Index . . .	125
Figure 5.9	Domestic Fuel Price Increases in Some Countries . . .	129
Figure A1	Global Influence: All Elementary Paths and Circuits Linking i and j	132
Figure D1	China Impulse Response: Fuel Subsidy → Fuel Price → Interest Rate → Inflation → Poverty Line	135
Figure D2	China Impulse Response: Fuel Subsidy → Kerosene Price → Interest Rate → Inflation → Poverty Line . .	136
Figure D3	China Impulse Response: Fuel Subsidy → Fuel Price → Manufacturing → Agriculture → Rural Poor	136
Figure D4	China Impulse Response: Fuel Subsidy → Fuel Price → Manufacturing → Agriculture → Urban Poor . . .	137
Figure D5	China Impulse Response: Fuel Subsidy → Kerosene Price → Manufacturing → Agriculture → Rural Poor	137

Figure D6	China Impulse Response: Fuel Subsidy → Kerosene Price → Manufacturing → Agriculture → Urban Poor	138
Figure D7	China Impulse Response: Fuel Subsidy → Fuel Price → SOC → Rural Poor	138
Figure D8	China Impulse Response: Fuel Subsidy → Kerosene Price → SOC → Rural Poor	139
Figure D9	India Impulse Response: Fuel Subsidy → Kerosene Price → Interest Rate → Inflation → Poverty Line . .	139
Figure D10	India Impulse Response: Fuel Subsidy → Diesel Price → Interest Rate → Inflation → Poverty Line . .	140
Figure D11	India Impulse Response: Fuel Subsidy → Kerosene Price → GDP → Rural Poor	140
Figure D12	India Impulse Response: Fuel Subsidy → Diesel Price → GDP → Rural Poor	141
Figure D13	India Impulse Response: Fuel Subsidy → Kerosene Price → Services → Rural Poor	141
Figure D14	India Impulse Response: Fuel Subsidy → Kerosene Price → Services → Urban Poor	142
Figure D15	India Impulse Response: Fuel Subsidy → Diesel Price → Services → Rural Poor	142
Figure D16	India Impulse Response: Fuel Subsidy → Diesel Price → Services → Urban Poor	143
Figure D17	Korea Impulse Response: Diesel Price → SOC → Poor Households	143
Figure D18	Korea Impulse Response: Gasoline Price → SOC → Poor Households	144
Figure D19	Korea Impulse Response: Diesel Price → Interest Rates → Inflation → Poverty Line	144
Figure D20	Korea Impulse Response: Gasoline Price → Interest Rates → Inflation → Poverty Line	145
Figure D21	Korea Impulse Response: Gasoline Price → Manufacturing → Agriculture → Poor Households . .	145
Figure D22	Korea Impulse Response: Gasoline Price → Manufacturing → Agriculture → Poor Households . .	146
Figure D23	Thailand Impulse Response: Fuel Subsidy → Kerosene Price → Interest Rates → Inflation → Poverty Line	146
Figure D24	Thailand Impulse Response: Fuel Subsidy → Diesel Price → Interest Rates → Inflation → Poverty Line . .	147

Figure D25	Thailand Impulse Response: Fuel Subsidy → Kerosene Price → Manufacturing → Agriculture → Poor Households	147
Figure D26	Thailand Impulse Response: Fuel Subsidy → Diesel Price → Manufacturing → Agriculture → Poor Households	148
Figure D27	Thailand Impulse Response: Fuel Subsidy → Kerosene Price → SOC → Poor Households	148
Figure D28	Thailand Impulse Response: Fuel Subsidy → Diesel Price → SOC → Poor Households	149
Figure D29	Indonesia Impulse Response: Fuel Subsidy → Kerosene Price → Interest Rates → Inflation → Rural Poverty Line	149
Figure D30	Indonesia Impulse Response: Fuel Subsidy → Kerosene Price → Interest Rates → Inflation → Urban Poverty Line	150
Figure D31	Indonesia Impulse Response: Fuel Subsidy → Diesel Price → Interest Rates → Inflation → Rural Poverty Line	150
Figure D32	Indonesia Impulse Response: Fuel Subsidy → Diesel Price → Interest Rates → Inflation → Urban Poverty Line	151
Figure D33	Indonesia Impulse Response: Fuel Subsidy → Kerosene Price → GDP → Rural Poor	151
Figure D34	Indonesia Impulse Response: Fuel Subsidy → Kerosene Price → GDP → Urban Poor	152
Figure D35	Indonesia Impulse Response: Fuel Subsidy → Diesel Price → GDP → Rural Poor	152
Figure D36	Indonesia Impulse Response: Fuel Subsidy → Diesel Price → GDP → Urban Poor	153
Figure 6.1	Incomes, Poverty Line, Food Output, and Prices	164
Figure 6.2	Demand for Food, Exports, Agriculture Share, and Gini Index	165
