

# INDEX

- Academics (Australian), research  
  productivity of, 79–80  
  data, 88–90  
  ethnic fragmentation index of, 87–88  
  human capital index of, 85–87  
  literature on, 81  
  measurements of relevant variables,  
    85–88  
  methodology, 84–85  
  postulated models on, 81–84  
  preliminary findings, 90–92
- Agglomeration, 151, 152
- Agrarian societies, clientelism in, 19–21
- Allied causes, American foreign policy  
  towards, 175–176
- American foreign policy, towards Allied  
  causes, 175–176
- Anarchy, 108
- Arab–Israeli negotiations, 291
- Aristocracy, small farmers and, 19–21
- Australian universities, 76–80  
  academics, research productivity. *See*  
    Academics (Australian), research  
    productivity of  
  cultural shift in, 77–78  
  international rankings of, 80  
  multicultural team dynamics, 78  
  structural reforms and, 76–77
- Autocracy, *vs.* democracy, 4
- Autonomy, for resolving ethnic conflict,  
  70–71
- Balkans, intrastate conflicts in, 15–16  
  Dayton Peace Accords, 15  
  US involvement in, 15
- Bandung Conference in Indonesia, 188
- Bargaining set stability, 295–296
- Baruch, Bernard, 179
- $\beta$  index, international tension, 197–203  
  artificial construct, 203  
  assumptions, 197–198  
  axioms, 199–200  
  efficiency of global portfolio, 201  
  empirical study, 203–209  
  global portfolio of terror assets, 201  
  intertemporal movement of, 209–217  
  of nations, 204–209
- Biofuels, and food crops  
  choice between, 276–277  
  Cournot–Nash equilibrium, 279–282  
  crisis, 270–272  
  as rent-seeking instrument, 277–279  
  simple model, 275–282
- Brezhnev, Leonid, 189
- Castro, Fidel, 187
- Central America, violence in, 11–12  
  arguments for, 12
- Central Powers, in World War I, 176
- Churchill, Winston, 183
- Civil conflict, defined, 289
- Clausewitz model, 14
- Clientelisation, of labour market, 6–9
- Clientelism  
  in agrarian societies, 19–21  
  in Georgia, 16–19  
  in Yugoslavia, 14–16
- CMP. *See* Conflict management  
  procedure (CMP)

- Coalitions, tensions between.  
*See* Multi-party conflict, negotiations in
- Coase theorem, 295–296
