

INDEX

- Abuses and defenders, types of, 350–352
- Academic scholarship, 152
- Access to electricity, 182, 185
 - equation coefficient, 192
- Actionability of stakeholders, 268–270
- Adaptive governance framework, 87–88
- Adaptive management, 87
- Addis Ababa Action Agenda (AAAA), 6, 141
- Agencies, 36
- Agenda 2030, 7, 10–11, 113, 181
- Agriculture, 301–302
- Agroforestry
 - promise of, 314–315
 - systems, 315
- Arcelor Mittal mining company, 359
- Assertive tactics, 228, 234
- Association of American Port Authorities, 264
- Association of European Development Finance Institutions (EDFI), 141
- “Aymarazo” social–environmental conflict, 352

- Back-casting, 8
- Backward participation effects, 297
- Banking industry, corporate misbehavior in, 329–330
- BEPS 2.0, 210
- BEPS Action Plan, 209–210
- BEPS Inclusive Framework, 217
- Bibliometric analysis, 54
- Biofuel, 23
- Biophilic design, 245
- Blended finance investment, 139
- Bottom-up approach, 11
- Breusch–Pagan LM test, 294

- Building bridges, 10–11
- Business and Human Rights Resource Centre (BHRRC), 333, 350, 352
 - website, 334
- Businesses, 32, 102, 112
 - case for SDG implementation for sustainability transformation, 114–116
 - evidence of businesses abusing defenders, 352–353
 - strategies, 64

- Canadian Bear Creek Mining Corporation, 352
- Carbon Disclosure Project, 229
- Carbon factor, 179, 185–187
 - equation, 192
 - growth equation, 187
- Carbon neutrality, 250–251
- Cascade of crises, 4
- Cascading CSR, 212
- CDC, 140
- Central and Eastern Europe
 - analysis, 212
 - channels by tax impacts SDGs and measures, 209–210
 - complex relationship between MNEs and SDGs, 205–207
 - contribution of MNEs to achievement of SDGs, 204–205
 - descriptive statistics, 213–214
 - measuring impact of SDGs, 207–209
 - non-financial disclosures, 214–215
 - reasons for better and deeper tax reporting, 217–218
 - role of tax revenues, 210–211

- impact of tax on SDG 10 in CEE countries, 215–217
 - tax reporting and tax transparency, 211–212
- CEOs
 - activism, 354, 358
 - emotions, 359
 - experiences, 355
 - identification with victims, 358
 - ideologies, 358
 - model reaction to defenders, 353–361
 - narcissism, 359
 - personal characteristics, 359
 - social affirmations based on
 - professional achievements, 358
- Child labor implications for MNEs
 - with social media, 19–20
- Chinese government, 160
- Circularity, 127
 - journey of, 124–128
- City of New Orleans Office of Economic Development, 89
- Climate change, 113, 129, 227
 - conceptualization of climate change and impression management tactics, 227–230
 - data analysis, 231
 - disclosures of companies, 227
 - findings, 232
