

INDEX

- Academic
 - achievement, 55
 - behaviors, 56–57
 - preparation, 92–93, 95–96
 - self-efficacy, 25
 - self-esteem, 25
 - tracking, 71–72
- Access, 68, 69, 74
- Accessibility to postsecondary opportunities, 56
- Accountability assessments, 57
- Advanced Placement (AP), 26, 27
- African American(s), 23, 88–89, 156–157
 - constructions of race and ethnicity by locale, 9–11
 - educational attainment of rural people, 3–5, 4
 - intersection of place and race, 8
 - official definitions of rural places, 5–6
 - recommendations for pedagogy, practice, and research, 11–12
 - rural students, 1–3
 - schools, 20
 - socially constructed meanings of “rural”, 6–7
 - urban–rural binary, 7–8
- Alabama Black Belt, 156
 - positive change in education in Alabama, 161–163
- Alabama HBCU, 157
 - doctor of education program, 157–161
- American Counseling Association (ACA), 170
- American School Counselor’s Association (ASCA), 33
- Analysis of variance (ANOVA), 111
- Appalachia(n), 170
 - outsider, 176–177
 - region, 170–171
- Autoethnography, 178, 179
- Belonging, 93
- Black feminist autoethnography, 171–172
- Black feminist thought (BFT), 171, 172–173
- #BlackGirlMagic, 68
 - CRF and, 73–75
 - and educational resiliency, 75–79
 - intersection of place and race, 69
 - underrepresentation of black girls in gifted education, 70–73
- Black girls in gifted education programs, 68, 70–73
- Black males in rural contexts, 54
 - challenges, 60
 - issues, 60–61
 - literature review, 55–60
 - opportunities, 60–61
 - rationale, 54
 - recommendations, 61–62
 - rural community settings, 57–59
 - rural students, 59–60
- Black rural people, 4–5
- Black students, 59, 105–106, 134, 140
- Black/African American education, 108
 - women, 171
- Boykin model, 47
- Brown vs. Board of Education*, 20, 57–58
- Career and technical education (CTE), 26
- Classism as endemic to US society, 74
- Clemson ES program, 130

- Clemson University On-campus Summer Experiences, 122–123
- Coautoethnography, 178
- Cognitive strategies, 56–57
- College
 access, 120
 aspirations, 23–24, 32–33, 91–92
 and career counseling, 33
 education, 20
- College and career readiness (CCR), 56–57
- College choice, 20–21
 context of study, 25–27
 findings, 27–31
 instrumentation, 23–25
 literature review, 21–23
 research method, 23
 theoretical framework, 21
- College experiences of rural African Americans, 88–89
 data analysis, 90–91
 data collection, 90
 double consciousness theory, 93–94
 findings, 94–97
 future research, 99
 limitation of current literature, 98–99
 literature review, 91–93
 participants, 89–90
 researcher bias, 89
 trustworthiness, 91
- Community college, 104–105
- Confirmability, 91
- Content knowledge, 56–57
- Contextual skills, 56–57
- Correlation analysis, 29
- Counseling groups, 77
- Counselors, 78
- Counterstories, 75
- Credibility, 91
- Critical multicultural pedagogy, 79
- Critical race feminism (CRF), 69, 73–75
- challenge to dominant ideology, 74–75
- commitment to social justice, 75
- experiential knowledge, 75
- intersectionality, 75
- racism, sexism, and classism as endemic to US society, 74
- Critical race theory (CRT), 73–74
- Cultural
 capital, 23–25, 29
 culturally conscious definitions and measurements of achievement, 78–79
 culturally responsive education for gifted black rural students, 46–48
 diversity, 134
 mismatch, 45
- Culturally responsive classroom management (CRCM), 134
 emphasis on content vs. classroom management, 141–142
 lack of diversity and CRCM course content, 145–146
 literature review, 135–137
 quality of field experiences, 142–143
 quality of program instructors, 143–145
 recommendations for practice, 150–151
 research method, 137–140
 sample, 139–140
 teacher personal experiences, 147–148
- De facto segregation in American Education, 70–71
- Deficit-oriented thinking, 71–72
- Dependability, 91
- Distance education programming, 45
- Double consciousness theory (W. E. B. Du Bois), 88–89, 93–94

- Economic disadvantage, 69
- Education, 10, 20
